

UNITED STATES OF AMERICA  
FEDERAL ENERGY REGULATORY COMMISSION

Broadwater Energy LLC  
Broadwater Pipeline LLC

Docket No. CP06-54-000  
Docket No. CP06-55-000

ERRATA NOTICE

(December 28, 2006)

On December 15, 2006, the Commission issued a “Notice of Intent to Hold Public Meetings and Hear Public Comment on the Proposed Broadwater LNG Project Draft Environmental Impact Statement”.

Under the “Location” portion of the notice, the address for Branford High School for January 16, 2007 meeting is incorrect. The correct address is:

Tuesday, January 16, 2007  
7 pm to 10 pm (EST)

Branford High School Auditorium  
**185 East Main Street** – Branford, CT  
Phone: (203) 488-7291

Also, please note that it has come to our attention that a very limited number of hard copies of the Draft Environmental Impact Statement for the Proposed Broadwater LNG Project, issued on November 17, 2006, may be missing pages from Appendix D – U.S. Coast Guard’s Waterways Suitability Report, due to a printing error. The electronic versions are complete. For those who received copies with pages omitted, we direct you to the FERC eLibrary address: <http://www.ferc.gov/industries/lng/enviro/11-17-06-eis.asp>, where you should select “Additional documents in eLibrary,” then select “Appendix D USCG Waterways Suitability Report PDF.” Also, the full WRS is available at the U.S. Coast Guard web page at: <http://www.uscg.mil/dl/units/seclis/broadwater/wsrpt/WRS%20Master%20Final.pdf>.
